

Jigsaw PSHE 3-11 progression map

Jigsaw, the mindful approach to PSHE, is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the **spiral** knowledge and skills progression within all six Puzzles (units of work) including the key vocabulary used in each year group; explicit links to the DfE statutory Relationships and Health Education outcomes have been made in each Puzzle.

INTENT: Jigsaw holds children at its heart, and its cohesive vision helps children understand and value how they fit into and contribute to the world. With strong emphasis on emotional literacy, building resilience and nurturing mental and physical health, Jigsaw 3-11 properly equips schools to deliver engaging and relevant PSHE within a whole-school approach. Jigsaw lessons also include mindfulness allowing children to advance their emotional awareness, concentration, focus and self-regulation.

IMPLEMENTATION: Jigsaw 3-11 offers a comprehensive programme for Primary PSHE, including statutory Relationships and Health Education, in a spiral, progressive and fully planned scheme of work, giving children relevant learning experiences to help them navigate their world and to develop positive relationships with themselves and others.

IMPACT: This can be established through assessment identified in the key learning.

Being Me in My World Puzzle – Autumn 1					
Puzzle overview	EYFS	Year 1	Year 2	Year 3	Year 4
Being Me in My World	In this Puzzle (unit), the children learn about how they have similarities and differences from their friends and how that is OK. They begin working on recognising and managing their feelings, identifying different ones and the causes these can have. The children learn about working with others and why it is good to be kind and use gentle hands. They discuss children's rights, especially linked to the right to learn and the right to play. The children learn what it means to be responsible.	In this Puzzle (unit), the children are introduced to their Jigsaw Journals and discuss their Jigsaw Charter. As part of this, they discuss rights and responsibilities, and choices and consequences. The children learn about being special and how to make everyone feel safe in their class as well as recognising their own safety.	In this Puzzle (unit), the children discuss their hopes and fears for the year ahead – they talk about feeling worried and recognising when they should ask for help and who to ask. They learn about rights and responsibilities; how to work collaboratively, how to listen to each other and how to make their classroom a safe and fair place. The children learn about choices and the consequences of making different choices, set up their Jigsaw Journals and make the Jigsaw Charter.	In this Puzzle (unit), the children learn to recognise their self-worth and identify positive things about themselves and their achievements. They discuss new challenges and how to face them with appropriate positivity. The children learn about the need for rules and how these relate to rights and responsibilities. They explore choices and consequences, working collaboratively and seeing things from other people's points of view. The children learn about different feelings and the ability to recognise these feelings in themselves and others. They set up their Jigsaw Journals and establish the Jigsaw Charter.	In this Puzzle (unit), the children explore being part of a team. They talk about attitudes and actions and their effects on the whole class. The children learn about their school and its community, who all the different people are and what their roles are. They discuss democracy and link this to their own School Council, what its purpose is and how it works. The children learn about group work, the different roles people can have, how to make positive contributions, how to make collective decisions and how to deal with conflict. They also learn about considering other people's feelings. They refresh their Jigsaw Charter and set up their Jigsaw Journals.

The children also practise Jigsaw's Calm Me and how they can use this when feeling upset or angry.</p>	<p>relationships (family, friends and school community) and why these are special and important. As part of the lessons on healthy and safe relationships, children learn that touch can be used in kind and unkind ways. This supports later work on safeguarding. Pupils also consider their own personal attributes as a friend, family member and as part of a community, and are encouraged to celebrate these.</p>	<p>becomes more formalised and the children learn and practise two different strategies for conflict resolution (Solve it together and Mending Friendships). Children consider the importance of trust in relationships and what this feels like. They also learn about two types of secret, and why 'worry secrets' should always be shared with a trusted adult. Children reflect upon different types of physical contact in relationships, which are acceptable and which ones are not. They practise strategies for being assertive when someone is hurting them or being unkind. The children also learn about people who can help them if they are worried or scared.</p>	<p>work. They also look at careers and why stereotypes can be unfair in this context. They learn that families should be founded on love, respect, appreciation, trust and co-operation. Children are reminded about the Solve it together technique for negotiating conflict situations and the concept of a win-win outcome is introduced.</p> <p>Online relationships through gaming and apps are explored and children are introduced to some rules for staying safe online. Children also learn that they are part of a global community and they are connected to others they don't know in many ways, e.g. through global trade. They investigate the wants and needs of other children who are less fortunate and compare these with their own. Children's universal rights are also revisited.</p>	<p>The children learn that change is a natural in relationships and they will experience (or may have already experienced) some of these changes. Children revisit skills of negotiation particularly to help manage a change in a relationship. Changing Me Puzzle – Summer 2

Changing Me Puzzle – Summer 2					
Puzzle Overview Changing Me	EYFS	Year 1	Year 2	Year 3	Year 4
	Children are encouraged to think about how they have changed from being a baby and what may change for them in the future. They consolidate the names and functions of some of the main parts of the body and discuss how these have changed. They learn that our bodies change in lots of	Children are introduced to life cycles, e.g. that of a frog and identify the different stages. They compare this with a human life cycle and look at simple changes from baby to adult, e.g. getting taller, learning to walk, etc. They discuss how they have changed so far and that people grow up at different rates. As part of a	In this Puzzle, children compare different life cycles in nature, including that of humans. They reflect on the changes that occur (not including puberty) between baby, toddler, child, teenager, adult and old age. Within this, children also discuss how independence, freedoms and responsibility can increase with age. As part of a school's safeguarding duty, pupils are re-taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicle, vulva). They are also reminded that nobody has the right to hurt these parts of the body, including a lesson on inappropriate touch and	This Puzzle begins learning about babies and what they need to grow and develop including parenting. Children are taught that it is usually the female that carries the baby in nature. This leads onto lessons where puberty is introduced. Children first look at the outside body changes in males and females. They learn that puberty is a natural part of growing up and that it is a process for getting their bodies ready	In this Puzzle, bodily changes at puberty are revisited with some additional vocabulary, particularly around menstruation. Sanitary health is taught, including introducing pupils to different sanitary and personal hygiene products. The Puzzle ends by looking at the feelings associated with change and how to manage these. Children are introduced to Jigsaw's Circle of change model as a strategy for managing future changes.

	different ways as we get older. Children understand that change can bring about positive and negative feelings, and that sharing these can help. They also consider the role that memories can have in managing change.	school's safeguarding duty, pupils are taught the correct words for private parts of the body (those kept private by underwear: vagina, anus, penis, testicles, vulva). They are also taught that nobody has the right to hurt these parts of the body. Change is discussed as a natural and normal part of getting older which can bring about happy and sad feelings. Children practise a range of skills to help manage their feelings and learn how to access help if they are worried about change, or if someone is hurting them.	assertiveness. Children practise a range of strategies for managing feelings and emotions. They are also taught where they can get help if worried or frightened. Change is taught as a natural and normal part of growing up and the range of emotions that can occur with change are explored and discussed.	to make a baby when grown-up. Inside body changes are also taught. Children learn that females have eggs (ova) in their ovaries and these are released monthly. Children discuss how they feel about puberty and growing up and there are opportunities for them to seek reassurance if anything is worrying them.

SMSC Links: Every Jigsaw lesson from Early Years to upper primary offers opportunities for children’s **spiritual, moral, social and cultural (SMSC) development**, and this is clearly mapped and balanced across each year group. Likewise, Jigsaw is designed to provide structured opportunities in every lesson to practise **and enhance the five skills associated with the emotional literacy (self-awareness, social skills, empathy, motivation and managing feelings)**. At Jigsaw, we believe that these opportunities are vital for children’s development, their understanding of themselves and others and in increasing their capacity to learn.

British Values: Jigsaw PSHE 3-11 supports the **British Values** of Democracy, Rule of Law, Individual Liberty, Mutual Respect and Tolerance of those of different faiths and beliefs. It has been mapped lesson by lesson against the British Values agenda.
