SEQUENCE OF LEARNING Spring 1

Topic: Winter & The Mitten

Enquiry Question: Why do penguins huddle?

Does our question give the children a real sense of what they will be exploring and finding out about? It should engage them in thinking about the ways in which they might answer it or go about finding answers.

Consider the best order for your enquiries and it fits the time of the year. Think about the location and cultural context of our school. Does it coincide with particular events or festivals and is relevant to our community?

Harmony Principle: Oneness

Does this principle existing in nature integrate into our learning and help develop an understanding of how the world works?
