

Year 3	SEQUENCE OF LEARNING					
Spring Term 2	<p>Enquiry Question: Are the Natural Wonders of the World Worth Saving? <i>Does our question give the children a real sense of what they will be exploring and finding out about? It should engage them in thinking about the ways in which they might answer it or go about finding answers. Consider the best order for your enquiries and it fits the time of the year. Think about the location and cultural context of our school. Does it coincide with particular events or festivals and is relevant to our community?</i></p>					
	<p>Harmony Principle: Health <i>Does this principle existing in nature integrate into our learning and help develop an understanding of how the world works?</i></p>					
	<p>Great Work: Online Art display <i>A purposeful outcome of the learning and a celebration of what has been learnt. Generate a sense of excitement, achievement, pride. The outcome can be shared so we need to adjust our thinking in the current situation.</i></p>					
	<p>Partners in Learning: <i>Who can enrich and add value to an enquiry?</i></p>					
	<p>Sustainability theme: Global Citizenship <i>What can we learn from this principle of harmony that helps us to live more sustainably? This is ultimately the learning goal of a harmony curriculum.</i></p>					
	<p style="text-align: center;">Weekly Questions <i>A series of questions that take the children on a journey towards a meaningful outcome.</i></p>					
	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6
	What and where are the seven natural wonders of the world?	What makes a Natural Wonder of the World?	What would be the Natural Wonders in Dorset?	How can we encourage tourism back to Dorset after Covid 19?	What impact have environmentalists had on our world?	What can we do to make our world more sustainable?

Geometry and Art	Art: Introduce the local contemporary artist Gina Marshall. Highlight some of the techniques/features of her work (doodle art, pointillism, imagination) by exploring pictures of Durdle Door and practise these techniques.	Art: Explore some of G. Marshalls pictures of Weymouth/ Portland and Swanage. What do these places have in common? What can we see? Highlight any new patterns and motifs.	Art: Introduce and examine pictures of Lulworth Cove. Plan a piece of art, based on a coastal landscape picture of Durdle Door or Lulworth Cove. What vivid colours would they use? What patterns and motifs will they include?	Art: Compare photos of Corfe Castle to the landscape pictures by artist Gina Marshall. Why is the location of this place different to that of Weymouth/ Swanage pictures? Do the patterns and motifs used differ? Draw the landscape of Corfe castle in the style of Gina Marshall.	Art: Begin to plan an illustration linked to their environmental animal rescue story, using Gina Marshall influences.	Art: Draw their story illustration using a coastal landscape theme.
Outdoor Learning	What is special about our school environment? What does it mean to us?	What other plants and animals benefit from us looking after our school environment?	What other plants and animals benefit from us looking after our school environment?	Where are the natural wonders in our school?	How can we ensure our school environment remains special and valuable to us and to wildlife?	
Pond	What is special about our school environment?	How does our school pond benefit us?	How does our school pond encourage and support a diversity of wildlife?	How can we ensure our school environment remains special and valuable to us and to wildlife?
